I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: "an inordinate amount" could be whatever
you define it to be at the moment. I thoroughly
and totally object to this proposed restriction. It's
just more limitations and restrictions on the individual
and benefits only the drug companies - who have the
power to lobby for their interests
